

Installation Instructions

INSIDE REAR DECK LUGGAGE COVER—AC-3454

Wagonaire Models

1. Install one "Pull The Dot" fastener base under each lower rear quarter window garnish molding retainer screw (1, see illustration) on both sides.
2. Remove and discard the rear quarter side-to-corner panel retainer screw on each side.
3. Install one new screw, provided in the kit, and a fastener base in place of the discarded screw on each side. (See illustration)
4. Position and install the luggage cover.
